- **IMAGINE EXPERIENCING PROBLEMS WITH BASIC BODY FUNCTIONS!**
- **IMAGINE BEING TOLD BY DOCTORS THAT "IT'S ALL IN YOUR HEAD!"**
- **IMAGINE HAVING A FATAL DISEASE THAT NO ONE KNOWS ABOUT!**

*This is what happens to people diagnosed with  
Multiple System Atrophy!*

*MSA is a rare, rapid progressing neurodegenerative disorder. MSA impairs the systems that regulate blood pressure, heart rate and the bladder - many of the basic bodily functions that people take for granted every day. The life expectancy for those with MSA is typically 5 to 10 years. Patients with advanced MSA often become bedridden, unable to speak and completely paralyzed. At present, there is no cure for MSA, no genetic tests and very few treatments.*

**DONATE NOW!** [www.msacanada.ca/donate-to-us/](http://www.msacanada.ca/donate-to-us/)

Defeat Multiple System Atrophy Canada – Vaincre L'Atrophie Multisystématisée Canada is an inclusive Canadian registered charity that aspires to balance efforts to support patients, educate medical professionals, raise public awareness and nurture promising research. Staffed entirely by volunteers, we aim to achieve a four-fold mission:

- *To build a community that truly serves those that suffer from MSA.*
- *To cultivate promising research into treatments and slowing MSA.*
- *To nurture better education of health professionals about MSA.*
- *To raise greater public awareness about living with MSA.*

Defeat MSA Canada – Vaincre L'AMS Canada invites all people, around the world, to join us in this noble fight: to speak for those who cannot, with one mind, one heart and one voice: to Defeat MSA forever!

**Awareness • Alleviation • Advancement**
